**Subject: FEEDBACK** on the professional Skills Development Programmes offered by Prof. Sambhajirao Kadam College of Arts, Commerce and Science, Deur-Koregaon

Dear Sir,

It is learnt that, the College has introduced the self-designed Professional Skills Development programmes in an emerging field of International Trade and GST Law for the students who are pursuing their conventional degree education.

At the outset, we say that, the MAS feels privileged to appreciate and congratulate the institute for such an initiative, which in itself is unique, offering an opportunity for the students to equip themselves with highly specialized professional skills through these programmes that will earn them sustainable employment on acquiring the degree with Professional skills in International Trade and GST Law, thus making the conventional degrees worth securing highly rewarding jobs.

We also had an opportunity go through the contents of the sole Books on International Trade and GST Law, authored by Er Arvind Kadam- Entrepreneur, Innovative Engineering (Manufacturing & Export Venture). We must say that both the books are extremely useful for students, faculty and even to the practicing professionals in the filed as manuals.

By offering these professional programmes, the institute has provided a pragmatic solution to the problem of employability ever faced by the Higher Education and credibility of the conventional degrees. These programmes will definitely help to overcome Industry-Academia gap which is probably the most discussed thing by employers and job seekers in recent period.

Now, the institute has been admitted to the privileges of MAS by granting membership to it, the only conventional college being offered the MAS membership.

Being associated with us, we are sure that our collaboration would go a long way and would prove immensely beneficial for the student's progression.

Thanking You  
for Manufacturers' Association of Satara

Subject: FEEDBACK on the Institutional Extension Programmes organised in joint collaboration with Rotary International District 3132

Dear Sir,

We feel privileged to give our opinion on the extension/outreach programmes conducted in joint collaboration with Rotary International, Satara.

Rotary International works with the motto, 'Serve to change the lives,'

Being active social partner, the Rotary International had an opportunity to share institutional platform to conduct the programmes on the social, environmental sustainability issues.

Among the activities of social engagement, the Institutional social responsibility project- Rain Water harvesting and Bore Well Recharge being implemented in the villages of drought prone Koregaon Tahasil is unique of its kind; providing a sustainable solution to social problem ever faced by the people of the region.

Secondly, organising a special programme, Bhaidoorj with a cause to felicitate the women belonging to disadvantaged social classes and Felicitating Unsung Heroic Women on the occasion of International Women Day in recognition of their services have a noble social cause, that demonstrate the institutional sensitivity towards the society, thus, thereby set a prototype example for extension/community orientation programmes

Rotary international upholds the institutional contribution to social upliftment, the cause with which the Rotary international works worldwide.

Being associated with the institution, we are sure that our collaboration would go a long way and would prove immensely beneficial for the society.

Regards,

For Rotary Club of Satara
