National Cadet Corps (NCC)

The National Cadet Corps (NCC) is the Indian military cadet corps with its head Quarters at New Delhi. It was established in India during the year 1948 and since then, it remains open on voluntary basis for both college and school students of the country. Air Force, Army and Indian Navy are three groups which are involved in grooming of the country's youth into patriotic, responsible and well-disciplined citizens. NCC is a voluntary organization which is open to school, college and university students all over India. The officers and cadets have no liability for active military service once they complete their course but are given preference over normal candidates during selections based on the achievements in the corps.

The NCC unit was introduced in the college in December, 2020 under FSFS (Self Finance). The unit with strength of 160 cadets (Army Wing), is under 22 Maharashtra Battalion NCC, Satara.

The NCC unit offers 2 years & 3 years training after which cadets are awarded with 'B' & 'C' certificate. NCC training is held twice every week in the college premises. Training involves Drill, Physical training, Yoga, Weapon training and disaster management training. The enrollment starts from July every year. Enrolled cadets attend a mandatory camp to appear for certificate exams.

Motto of NCC
