

**PROF. SAMBHAJIRAO KADAM COLLEGE, DEUR
(SATARA)**

Criterion 7: Institutional Values and Best Practices

Clarifications for deviation/s along with attached document/s

**7.1.8 (5) Roof Water Harvesting And Bore Well Recharge
Project A Distinctive Project**

**The Roof Water Harvesting and Bore well recharge
project**

A Collaboration Activity with:

**Vasundhra Swachata Abhiyan, Pune (in Tadawale, S.W.), Tal.
Koregaon Dist. Satara**

Objectives:

- To impart general awareness on rain water harvesting
- to impart general awareness regarding Bore Well Recharge
- to encourage common public to participate in Roof water harvesting
- to encourage common public to participate in Bore Well Recharge
- to prepare students as Volunteers and help them to contribute in nation building through NSS

About the Programme / Activity:

- Tadawale:
After successful completion of the Pilot Project in the institutional campus, Dahigaon and Palashi village, the College decided to implement the same bore well recharge project under its ISR initiative in the adjoining Tadawale (S.W.) village. This village, situated towards 8 km west of Deur, also used to have the similar water problems and periodic drought-prone conditions. With no assured irrigation facilities. The college surveyed the number of existing bore wells, the water level, water output, locations etc. and decided to run the Project in Primary School, Tadawade (S.W.) Tal. Koregaon, Dist. Satara.. This

project under ISR was conducted in collaboration with Vasundhra Swachata Abhiyan, Pune.

To,

Dr Bharat N. Bhosale,
Principal,
Professor Sambhajirao Kadam College, Deur
Tal- Koregaon, Dist- Satara.

Letter of Appreciation

Dear Sir,

I came to know that Professor Sambhajirao Kadam College, Deur has undertaken in collaboration with Rotary Club, Satara, the Rain/Roof Water Harvesting and Borewell Recharge project in five villages at the places of public utility viz. Deur, Dahigaon, Pimpode, Wathar, Palashi- all situated in drought prone zone of Koregaon Taluka. The project has been greatly lauded by the press both in print and electronic media!

On the occasion of valedictory function organised to mark the successful conduct of a weeklong NSS residential camp at Tadavale on 28/03/2022, I had a privilege to grace the function as the chief guest. The most appreciable programme undertaken during the camping that I noticed is the bore well recharge through roof water harvesting erected at the public utility place in Tadavale. Being the people's representative, I am glad to place on record that such an initiative by the educational institute happens to be perhaps the first of its kind in the entire state of Maharashtra; that itself speaks for the institutional sensibility towards the society at large and its proactive responsiveness to the National Jal Mission being propagated across the Nation. I sincerely hail the Institution's efforts; which has come forward with a solution to the water scarcity problem ever faced by the people of the region, thus, thereby setting the unique example that the other educational institutes to follow!

In recognition thereof, this letter of appreciation is issued to the institution for showcasing its commitment to the social cause the institution is championing and proactively coming forward with solution to the problem ever been faced by the people in the region.

I extend my support to the institution and wish the Institution every success in its future endeavours!

Best regards,

(Shri. D. P. Chavan)
