### Skill Based Vocational Courses

Recognized by Adult and Continuing Education and Extension Work Department

### Information Brochure 2022-23

Higher education across the globe has been undergoing enormous change in its pedagogy. No institute can afford to remain indifferent and isolated to in the changing academia. At the national level also, paradigm has shifted from merely conventional academic programmes to skill based, learner centered curriculum. Owing to this, recently Central Government under the newly formed Ministry of Skills development and Entrepreneurship (MSDE) has launched "Skilling India Mission- a flagship programme" Pursuant to the national policy on 'Skilling India', the college has introduced several skill based vocational programmes for the benefit of its students. Besides, Government of India has launched 'Digital India' drive for dynamic and transparent governance. University Grants Commission is also embarking on and initiating digital/Information and Communication (ICT) enabled processes, Cashless transactions. All these lead us to introduce skill based vocational courses, soft skills development programmes aim to equip the youths with computer proficiency, functional English and communication skills besides professional/job required skills while pursuing core degree.

As of now, the college is offering SIX short term vocational programmes; more programmes would be added in phrasal manner based on the regional needs of the trained workforce and employment potential and opportunities.

#### Mission

Empowering youths with skills while pursuing core degree so as to enhance their employability in job market.

#### Objectives

To realise the mission aimed at empowering youths, the following objectives have been set.

- Provide skill based programmes based on local/regional needs, job potential;
- Provide on job training collaborating with partnering industrial establishments nearby;
- Facilitate placement mechanism to assist the trained youths in getting employment through potential employers;
- Maintaining up-to-date 'skilled youth repository/profiles' to be made available for employers.

#### Action plan

To pursue the objectives envisaged in commensurate with the mission, and implement the scheme of vocational programmes effectively, following action plan has been evolved.

- Entrusting each department with the responsibility of offering and running at least ONE vocational programme effectively;
- Preparing a 'Matrix of student data' for maintaining and allotting skill training based on their inclination;
- Every student shall be encouraged to acquire 'at least TWO skills' while pursuing their core degree over a span of THREE years;
- Working out collaborative arrangements with partnering industry/institutions for on-job-training and possible employment;
- Organizing programmes to enlighten the youths on soft skills, professional skills and job market trends.
